

What is the Community Connections Centre?

We provide shared resources to a diverse range of community organisations in a private, comfortable setting with good parking facilities.

By providing a comfortable environment with shared resources, community groups can concentrate on achieving their objectives.

If you or your group require an office to work from, our offices are available for both permanent and casual use. There is also a meeting room available for workshops, training days or meetings. After-hours access by arrangement.

A monthly Community Liaison Meeting to foster networking and information sharing within our district. Information sharing via our extensive database service
